**The American Flag** John R. Vile,2018-10-05 At a time when the U.S. flag is both a source of both pride and controversy, this volume provides the first encyclopedic A-to-Z treatment of the U.S. flag in American history, culture, and law. This title is a comprehensive resource for understanding all aspects of the American flag and its relationship to the American people. The encyclopedia provides a thorough historical examination of key developments in the flag's design as well as laws and court decisions related to the flag and the First Amendment. In relation to the flag's history, it also discusses evolving public attitudes about its importance as a national symbol. The encyclopedia contains illuminating scholarly essays on presentations of the flag in American politics, the military, and popular culture including art, music, and journalism. Additionally, these essays address important rules of flag etiquette and modern controversies related to them, from flag-burning to refusing to stand during the playing of the U.S. National Anthem.

**Bad for the Country** Cecil White,2010-07-26 Should certain truths Be hidden from the Citizenry. . . War Correspondent, Danny Frain, has just lost his long time cameraman, and he blames himself for the death. The story they were working on has touched a sensitive nerve in Washington, where powerful men are plotting to undermine the current President's administration. A regime change is about to take place if Frain doesn't help a newly formed Task Force. After someone tampers with the fuel tank on his Cessna, Frain takes it personally. He reluctantly joins CIA analyst, Ruth Harding, in the dangerous quest for answers. The deadly search takes the pair through Virginia woodlands and a hold-on-tight ride on a storm whipped Chesapeake Bay. Harding's beautiful, bold, and just a little bit scary and, together, they find themselves in the thick of a massive conspiracy, involving a vengeance seeking Euphrates farmer, a power hungry senator, and a rogue agent of the Central Intelligence Agency. In the end, Danny Frain has a decision to make, and he'll make it in the middle of the worst recession since the Great Depression. If Cable News One airs the story, it could have devastating consequences for the Stock Market and America's standing in the World, which is already at a low point. It will be-- Bad for the Country. . .

**Letters from Jonathan** Todd A. Johnson,2021-11-08 What if one day while waiting at a restaurant for your pizza, you found yourself in a world where a large percentage of the population, including your girlfriend across the table, suddenly vanished? Mayhem and chaos are the new-normal. What just happened? Where would you go? How would you live? That is

where Michael Thomas finds himself on an early fall day in the not so distant future. With no real knowledge of where he came from, growing up orphaned, few decisions had been up to him and unpredictability the norm. Michael is about to experience a life that will make the one he knew seem wholly predictable by comparison. None of it makes any sense. The apparent randomness of it all... Who could have expected this? As it turns out, someone did. Several someone's in fact. Enter the letters from Jonathan, as well as new companions Eddie, Sam, Jane and MessBox Ranch. Compelled to go North, Michael finds a new purpose to his life with new friends and enemies. Most importantly he finds another Someone and something else he never expected by this time in his life, a family. Of those that remain, the coming darkness will leave no one untouched. Still, it won't last forever. Find out how they were protected and provided for in spite of the encroaching evil just outside their door. There will be surprises. You also will have a role in this.

Meanwhile, in Russia... Eliot Borenstein,2022-01-27 The Russian internet is a hotbed for memes and viral videos: the political, satirical and simply absurd compete for attention in Russia while the West turns to it for an endless reserve of humorous content. But how did this powerful cyber community grow out of the repressive media environment of the Soviet Union? What does this viral content reveal about the country, its politics and its culture? And why are the memes and videos of today's Russia so popular, spreading so rapidly across the globe? Award-winning author Eliot Borenstein explores the explosive online movement and unpicks, for the first time, the role of mimetic content and digital activism in modern Russian history up to the present day.

**Death Followed Us Home** J-S Rioux,2024-01-04 Weeks before a tight-knit unit of combat vets deploys to Eastern Europe as a show of force against Putin's invasion of Ukraine, an unimaginable tragedy befalls one of the soldiers and his family. Although familiar with death on the battlefield, the cold-blooded killing of one of their own, so far from the battlefields of Afghanistan, is too much for them to take. When one platoon member accidentally discovers the killers' possible location, the temptation to avenge their brother is too great. Seasoned soldiers that they are, can they pull off the perfect murder? If so, what will be the consequences for each man personally, and for their unit as a whole? This crime thriller explores revenge and its consequences, even if it feels righteous.

**Chicken Soup for the Soul of America** Jack Canfield, Mark Victor Hansen, 2012-09-18 Most American heroes aren't in our history books, nor do they have monuments erected in their honor. Their names aren't in the headline news or memorialized in song. The true hero is simply someone who makes a difference—large or small—in the lives of others.

**Driving the Line** Buck Hammer, 2015-09-14 Since she was a young child, the beautiful Laura Halsey has wanted two things in life: to raise a family and to drive a truck like her father. Her father insists, “Women don’t drive trucks,” but she’s determined to prove him wrong — until he dies in a terrible accident when she’s only a teenager. A week after her divorce is finalized, Laura, now 43, leaves her office job and enlists her brother Mark to help her fulfill her dream of becoming a truck driver. Facing harassment, demanding customers, a grueling schedule, careless drivers, and her own fears, Laura struggles to succeed in an industry vastly different from the one her father knew. But driving isn’t without its rewards — including the chance of finding love again in the form of fellow driver Bill Johnson, a smart, handsome widower. Both are drawn into a relationship involving a common problem: loving someone who can be miles away for long periods of time in a high-risk job.

*Brown Threat* Kumarini Silva, 2016-11-01 What is “brown” in—and beyond—the context of American identity politics? How has the concept changed since 9/11? In the most sustained examination of these questions to date, Kumarini Silva argues that “brown” is no longer conceived of solely as a cultural, ethnic, or political identity. Instead, after 9/11, the Patriot Act, and the wars in Iran, Iraq, and Afghanistan, it has also become a concept and, indeed, a strategy of identification—one

rooted in xenophobic, imperialistic, and racist ideologies to target those who do not neatly fit or subscribe to ideas of nationhood. Interweaving personal narratives, ethnographic research, analyses of popular events like the Miss America pageant, and films and TV shows such as the Harold and Kumar franchise and Black-ish, Silva maps junctures where the ideological, political, and mediated terrain intersect, resulting in an appetite for all things “brown” (especially South Asian brown) by U.S. consumers, while political and nationalist discourses and legal structures (immigration, emigration, migration, outsourcing, incarceration) conspire to control brown bodies both within and outside the United States. Silva explores this contradictory relationship between representation and reality, arguing that the representation mediates and manages the anxieties that come from contemporary global realities, in which brown spaces, like India, Pakistan, and the Middle East pose key economic, security, and political challenges to the United States. While racism is hardly new, what makes this iteration of brown new is that anyone or any group, at any time, can be branded as deviant, as a threat.

**Decisions and Orders of the National Labor Relations Board, V. 331, April 28, 2000 Through August 31, 2000 ,**

**Decisions and Orders of the National Labor Relations Board, Volume 348 August 31, 2006 through December 29, 2006** , Covers Board decisions and orders issued from August 31, 2006 through December 29, 2006.

**The Selling of 9/11** D. Heller, 2016-09-23 The Selling of 9/11 argues that the marketing and commodification of the terrorist attacks of September 11, 2001, reveal the contradictory processes by which consumers in the United States (and around the world) use, communicate, and construct national identity and their sense of national belonging through cultural and symbolic goods. Contributors illuminate these processes and make important connections between myths of nation, practices of mourning, theories of trauma, and the politics of post-9/11 consumer culture. Their essays take critical stock of the role that consumer goods, media and press outlets, commercial advertising, marketers and corporate public relations have played in shaping cultural memory of a national tragedy.
