**The Ripple Effect** Rebecca Caprara, 2025-02-18 When 6th grader Zella's class prank flops, she's given a second chance to leave a lasting impact in this middle-grade novel about redemption, friendship, and kindness. A perfect book club pick to inspire discussion, 9-12-year-old fans of Katherine Applegate's *Wishtree* will love this hopeful story about the power of connection. It's the end of 6th grade and Zella wants to be the one who thinks of the best class prank—a long-held tradition that administrators allow, with parameters. In alternating chapters told by Zella, best friends Bowie and Janea, Shelby the school sleuth, and the town of Kettleby, Zella's story reveals her quest to uphold her image as class clown and bask in the spotlight. As a result, she loses sight of what's going on in the lives of her two best friends and begins to cause more stress for her mom—who manages their family's failing ice cream shop while caring for Pops. Zella doesn't mean to cause trouble, but being 12 is hard. Everything is changing, and everyone seems so much cooler and better understood. When her prank doesn't go as planned, the entire class is punished, and Zella is to blame. But when Zella's given a second chance, her small, subtle acts of thoughtfulness begin to grow. It turns out that redemption, friendship, and a remarkable chain of kindness tastes even sweeter than her family's famous raspberry ripple ice cream. With humor and heart, *The Ripple Effect's* themes of kindness and connection will inspire young readers to even greater compassion and generosity in their own lives.

*Television and New Media* Jennifer Gillan, 2010-10-18 Television and New Media introduces students to the ways that new media technologies have transformed contemporary television production, distribution, and reception practices. Drawing upon recent examples including *Lost*, *24*, and *Heroes*, this book closely examines the ways that television

programming has changed with the influx of new media—transforming nearly every TV series into a franchise, whose on-air, online, and on-mobile elements are created simultaneously and held together through transmedia storytelling. This book is essential for understanding how creative and industrial forces have worked together in the new media age to transform the way we watch TV.

**Sentimental Journey** Jill Barnett, 2002-03 A group of determined men and women--scientist Kitty Kincaid, U.S. Army major J.R. Cassidy, pilot Charlotte Morrison, small-town Texan Red Walker, and Royal Air Force ace George Skip Inskip--finds adventure and passion against the backdrop of World War II.

*The Camp Follower* John Reilly Taylor, 2012-06-11 The Camp Follower recounts the life of the author John Reilly Taylor, who grew up in the aftermath of World War II as the son of a US Army Officer. In his travels, he witnessed the reconstruction effort in post-war Europe, and the US support of pre-war South Vietnam. His father retained his position as a US Army officer after the war, and was assigned several assignments including SHAPE which became NATO. These assignments required that the family relocate to countries all over Europe. John shares his adventures travelling around Europe, as well as later when his father was assigned to Viet Nam. During that period, he travelled throughout Asia by himself in his teenage years. John's experiences through his adolescence were spent in strange environments far from home, lands harrowed by the aftermath of the most horrendous war in history. In his last assignment before retirement, his father became the Comptroller for the US Military assistance group in South Vietnam. This is the background for John Reilly Taylor's youth, in which he chronicles his autobiography, *The Camp Follower*. During the Second World War, approximately 71 million people died on all sides of the conflict, entire cities were flattened, their populations decimated and dispossessed. Taylor grew up in this environment, as the child of a US military officer; he bore witness of the reconstruction efforts in postwar Europe as his father was posted in NATO bases across the continent. He would also see firsthand America's support of the South Vietnamese government before the Southeast Asian region was plunged in war once more. His youth was a pseudo-nomadic one, as he hopped from city to city, continent to continent. He would continue this pattern in his adulthood, becoming a Comptroller for the US military assistance group in South Vietnam. It would be no exaggeration to say that his life was one of adventure, a firsthand account of exotic locales from a seasoned traveler who began journeying at an early age. Taylor was able to travel throughout Asia by himself in his teens, in a time before backpacking became fashionable, before the age of satellite phones, GPS and the internet. *The Camp Follower* is a sophisticated book that recounts the experience of a traveler, the sights of the European reconstruction, and the affairs of a military family sent overseas due to a father's duty to his nation. Those seeking not only to venture into another place, but also another time, will find Taylor's true story to be an engaging reading experience full of insights into issues that would shape the modern world.

**The Man in the Orange Suit** Patricia Goodman, 2011-04-27 The unit was operating at it's highest falsity, seemingly staring at the obvious; forgetting that they too must be absolutely positive that what they were seeing wasn't a mirage. They were trained to stay focused, but their sights had been altered; their perception, distorted; their thoughts, clouded; their reasoning; mislead. Enemies were changing the game; the sacred playing field of honesty and loyalty had been defiled. Things were not so clearly displayed anymore; now it was too late to alter the unenviable; because at this instant they understood, all along they had been, Tied to Deception.

**Fizz** Tristan Donovan, 2013-11-01 The story of soda is the story of the modern world, a tale of glamorous bubbles, sparkling dreams, big bucks, miracle cures and spreading waistlines. Fizz! How Soda Shook Up The World charts soda's

remarkable, world-changing journey from awe-inspiring natural mystery to ubiquitous presence in all our lives. Along the way you'll meet the quack medicine peddlers who spawned some of the world's biggest brands with their all-healing concoctions as well as the grandees of science and medicine mesmerized by the magic of bubbling water. You'll discover how fizzy pop cashed in on Prohibition, helped presidents reach the White House, and became public health enemy number one. You'll learn how Pepsi put the fizz in Apple's marketing and how soda's sticky sweet allure defined and built nations. And you'll find out how a soda-loving snail rewrote the law books. Fizz! tells the extraordinary tale of how a seemingly simple everyday refreshment zinged and pinged over our taste buds and, in doing so, changed the world around us. **Drinking History** Andrew F. Smith, 2014-06-10 A companion to Andrew F. Smith's critically acclaimed and popular *Eating History: Thirty Turning Points in the Making of American Cuisine*, this volume recounts the individuals, ingredients, corporations, controversies, and myriad events responsible for America's diverse and complex beverage scene. Smith revisits the country's major historical moments—colonization, the American Revolution, the Whiskey Rebellion, the temperance movement, Prohibition, and its repeal—and he tracks the growth of the American beverage industry throughout the world. The result is an intoxicating encounter with an often overlooked aspect of American culture and global influence. Americans have invented, adopted, modified, and commercialized tens of thousands of beverages—whether alcoholic or nonalcoholic, carbonated or caffeinated, warm or frozen, watery or thick, spicy or sweet. These include uncommon cocktails, varieties of coffee and milk, and such iconic creations as Welch's Grape Juice, Coca-Cola, root beer, and Kool-Aid. Involved in their creation and promotion were entrepreneurs and environmentalists, bartenders and bottlers, politicians and lobbyists, organized and unorganized criminals, teetotalers and drunks, German and Italian immigrants, savvy advertisers and gullible consumers, prohibitionists and medical professionals, and everyday Americans in love with their brew. Smith weaves a wild history full of surprising stories and explanations for such classic slogans as "taxation with and without representation;" "the lips that touch wine will never touch mine;" and "rum, Romanism, and rebellion." He reintroduces readers to Samuel Adams, Thomas Jefferson, George Washington, and the colorful John Chapman (Johnny Appleseed), and he rediscovers America's vast literary and cultural engagement with beverages and their relationship to politics, identity, and health.

I would like to tell you about another one of my stories Abducted. In my reading I found this quote from Bob Lazar a former Government Scientist who worked at S4 near area 51 in southern Nevada. Obviously the ET craft do exist, something had to build them. So there must be aliens and since there are and the craft are there. There must be some sort of factory and an entire civilization somewhere, and if in fact that is true and it apparently is, then there must be others. Bob Lazar Former Government Scientist. Imagine that your child has been abducted and you are an eye witness to a strange craft lifting off the ground with your child inside, it goes straight up disappearing into the star studded night sky. You are acquitted through strange circumstances. In order to retrieve your child from among the stars and to clear your name, your only hope is to do what cant be done at a place that doesnt exist. You must steal an alien ship you know is held on a secret military base in the deserts of Southern Nevada. After you step off the planet in search of your child among the stars, you encounter a race of cold blooded hateful reptilian aliens that consider you and your child to be animals to be experimented on or a source of food. Matthew Eberz, 2008-05-01 Major Sam Call, now retired from the Army, has joined LNMB Investigations owned by his friend David Lytle. David was instrumental in helping Sam uncover the identity of an escaped German POW, solve a war crime that had remained hidden for 45 years, and also bring home a soldier missing since 1945. IdentityPoint, a public records company, is a major player in the relatively new world of computerized public records; providing the government and private companies with reports on an individual's data; data which revealed everything from the person's birth to their death, and everything in between. One corporate officer believes others in IdentityPoint have been illegally benefiting from a string

of acquisitions and hires LNMB to go undercover to seek the financial data to prove her suspicions. Along with David's long-time associate Bob, a small, unassuming but extremely resourceful man, Sam is immersed in a mesmerizing world of data and computers and quickly discovers the immense power the company and the data have over the lives of typical citizens. While using the company's powerful reporting tools, Sam unknowingly alerts the F.B.I., and Sam once again finds himself the target of those who would wish to silence anything Sam has to say, as well as silencing Sam-permanently. Set in Georgia, British Virgin Islands, and Washington D.C., *Very Public Data*, explores the world of public records, secret organizations, world of personal identity systems and those that build them and those who abuse them. *Very Public Data* unveils both the positive and negative power of public data, and while this is a tale of corruption, murder, and deception, it is also a celebration of the love of a man and a woman, the unbreakable bond of soldiers, and the undying strength that honor brings to the human spirit.

**Vengeance is Mine** Reavis Z. Wortham, 2014-07-01 Top 5 Modern Westerns by True West Magazine Loaded with healthy doses of humor, adventure, and intrigue, populated by a remarkable cast of characters both good and bad and featuring one heck of an electrifying climax is a throwback to the pulp era in the best possible sense. —Owen Laukkanen, bestselling author *By October 1967... the Summer of Love is history, rock and roll is dark and revolutionary, and people in the small East Texas community of Center Springs want only a quiet life. Unluckily, two years earlier, Anthony Agrioli met newlyweds Cody and Norma Faye Parker in a Vegas casino and heard their enthusiastic descriptions of Center Springs as the perfect place to settle down and raise a family. Now handsome hit man Agrioli and a blonde bombshell full of surprises need a place to hide out and, if possible, duck retribution from his Las Vegas crime boss. Thirteen-year-old Top Parker has what his grandmother, Miss Becky, calls a Poisoned Gift. His dreams, though random and disconnected, always seem to come true. This time Top dreams he's a wagon wheel with spokes converging from all directions. To him, the spokes symbolize that something is coming. And it is—Center Springs will soon become a combat zone when a squad of gangsters arrives. Oddly, they're after something else. Not Agrioli—yet. Add a sheriff crooked as a dog's hind leg, an unsolved murder in the river bottoms, counterfeit money, and a bank robbery to this country-noir Shakespearian comedy, cast it with Wortham's real and sometimes wacky characters including a constable and a judge, and the outcomes become unpredictable.*

**Cocktail Therapy** Leanne Shear, Tracey Toomey, 2007-07-24 Forget crying into your beer. When calamity strikes there's a perfect cocktail to ease your woes. During their bartending years, Leanne Shear and Tracey Toomey were often witness to all kinds of personal crises. And while others may take refuge with their therapist or on the racquetball court, Leanne and Tracey concluded that the quickest way to beat the blues is with a delicious drink (or two). That hot guy from last week still hasn't called? Try a Pomegranate Martini—bold, tasty, but not so lethal that you'll be tempted to drunk dial him. Gain a few

pounds? Indulge in a (nearly) guiltless Sugar-Free Mojito. Credit card bill contains a few nasty surprises? A decadent Bourbon Bee Sting will leave you feeling like a million dollars. As dependable as a good friend and guaranteed not to utter a single I told you so, Cocktail Therapy proves that when life hands you lemons, the best thing to do is make a rum-soaked Tropical Lemonade.
